

JHONATAN BRITO

FULL-STACK SOFTWARE DEVELOPER | FRONTEND & MOBILE SPECIALIST

Porlamar, Nueva Esparta, Venezuela • +(58) 424 8578294 • jhonatanjesusbrito@gmail.com

PROFESSIONAL SUMMARY

Software Developer with over 5 years of experience specializing in building and scaling high-performance web and mobile applications. Proven expertise in Frontend development (Angular, VueJS, React) and Mobile development (Flutter), supported by strong Backend knowledge (NestJS, PHP, REST APIs), relational databases (SQL), and containerization (Docker). Demonstrated track record in modernizing legacy systems, implementing CI/CD pipelines, and delivering impactful cross-platform solutions.

TECHNICAL SKILLS & LANGUAGES

Frontend: Angular, VueJS, React, TypeScript, CSS3, HTML5

Mobile: Flutter, Dart, Cross-Platform Development

Backend & APIs: NestJS, Node.js, Laravel, PHP

DevOps & DB: SQL, PostgreSQL/MySQL, Docker, CI/CD, Git

Languages: English (C2 Proficient - EF SET 50 min), Spanish (Native)

WORK EXPERIENCE

Circle Studio Labs — Frontend & Mobile Developer

Jan 2021 – Mar 2025

- Mobile Development:** Designed, built, and deployed 3 cross-platform mobile applications using **Flutter**, delivering high-impact solutions to thousands of active users.
- Frontend Engineering:** Architected scalable, responsive web interfaces using **Angular** and **VueJS**, significantly improving user experience (UX) and reducing initial load times.
- Backend Integration:** Designed and implemented robust **RESTful APIs** with **NestJS**, ensuring smooth, secure client-server communication.
- Quality & Deployment:** Streamlined development workflows and continuous integration using **CI/CD** pipelines and containerized environments with **Docker**.

SOMOS SISTEMAS, C.A. — Junior / Mid Software Developer

Mar 2019 – Jan 2021

- Legacy Modernization:** Led the refactoring and modernization of legacy **PHP** codebase, improving code maintainability and system security.
- ERP Development:** Built and maintained core modules for an enterprise **ERP** system, optimizing internal management workflows and inventory tracking.
- Feature Delivery:** Analyzed business requirements and delivered tailored technical features for new clients on tight schedules with zero downtime.

Oclinicals — Operations & Data Entry Specialist

Nov 2025 – Jun 2026

- Maintained a 99%+ accuracy rate in processing and integrating critical patient records while managing high-volume data operations under tight schedules.

EDUCATION

Bachelor's Degree in Computer Science / Software Engineering

2015 – 2020

Universidad de Oriente (UDO) — Nueva Esparta, Venezuela
